Upcoming Show 'n' Tell Themes for 2019

January -TBD

There are a couple of things that need to addressed before the January Herald Publication.

There is a slight change of Meeting hours. We need to be out at 9 pm instead of 9:15 pm. Hope Love is having their cleaning crew come in at 9 pm. Hour long clinics need to be started by 8 pm. The rule now is to try to keep the clinic at 45 to 50 minutes. If you are doing a clinic give the time you need to Stu so he can time the Show and Tell, Tool Time and the break. We will also be starting at 7 pm. We do hope that is not too much of an inconvenience.

The Swap Table Reopens January 3rd, 2019

Admission for our first meeting in 2019 will be one (or more) item for the Swap Table. Well of course that's not true as all that is required for entry is NMRA membership or as a guest.

But think about the fact that one of our members really needs that extremely valuable model railroad item that is just gathering dust sitting around and taking up space. Just as important will be the funds contributed to our Sunrise Division. And even more important, any items that you bring that are not taken will be contributed to a great cause.

Our fellow NMRA member Harold Huber up in Wyoming will appreciate any remaining item for use with veterans he works with on a layout at the Veterans Hospital. And Gary Myers has volunteered to get the stuff up to Harold. So that's what I call a major triple win - win - win contribution on your part. The meeting will be here really quickly so now is better than later to grab that item and you don't even have to dust it off.

If you're like me, you'll need 2 to 3 weeks to find everything. (Larry)
