**Issue 6**

**Contributors - Anita Brown, Donna & Larry Grady, Bob & Patti Moffit, Ed Ramming & Al Schmidt**

**Meeting Hosted by Alice Irizarry & John Craven**

**Alice and John** had two things to show us. The first was the changes to their outdoor layout. They have been very busy adding an elevated figure 8.

After looking over the outside layout, we adjourned to the inside layout and were treated to a very nice selection of ingredients for us to build our own wraps for lunch. The desserts and tea supplied by the attendees rounded out the lunch, completely! Thanks to all.

Inside we saw the inside layout and Lego models. During the lunch, Alice explained the origin of the name of their railroad, Nappy Nook. The name Nappy Nook was given by Alice and John's "grandparents." This was their summer bungalow until Alice and John's parents bought it from them in 1951. The bungalow was built in 1939-1941 and added to over the years.
